Gallo Architects & Development Consultants (GADC), Deerfield Beach, has completed the design and construction drawings for the new Shoppes at Silver Isle in Miramar. The project includes site development and design for the \$2.88 million, single level retail development with 30,000 square feet of space. The shopping center will feature a Mediterranean Revival motif with a central plaza, fountain, clock tower and walkways connecting boutiques, shops and cafes.

The Shoppes at Silver Isles in Miramar, designed by Gallo Architects and Development Consultants, meets the City Commission's established criteria for "aesthetically-appealing new construction."
